#### Commodore's Report

.Welcome to the March newsletter. They seem to come around very quickly. It is now the busy period of our sailing, and generally the best weather is around March & April.

The MTYC had several members yachts *Never Again, Tainui,* and *No Excuses* participate in the Trailable championships up at Yarrawonga on the weekend of the 20<sup>th</sup> & 21<sup>st</sup> of February. The racing was enjoyable and our members had a mixed bag of results.

Summer race number 7 scheduled for the 28<sup>th</sup> of February was blown out due to the forecast of a strong wind warning for the morning with winds forecast to increase to over 25knots By late morning the wind was gusting up to the predicted maximum, again proving we made the correct decision to abandon racing.

Next we had Marley Point on a long weekend of thunderstorms and floods in Melbourne, followed by light breezes throughout most of the weekend. The MTYC had 13 members' yachts participate in the race, which saw the start delayed an hour due to local thunderstorms and torrential rain at the scheduled start time.

Once the race got underway, it was long and slow with the light winds most of the night. Congratulations to Greg Plumb for finishing 11<sup>th</sup> in Division A in his Hunter 18 *Second Wind*, with Doug in his TS16 *Sunray*, being the first TS16 home. Also well done to Alistair in his new renamed Castle 650 *Court Jester*, for finishing 14<sup>th</sup> in Division C, and to Lloyd in his RL24 *The Sting*, for being the best MTYC line honors finisher in Division C. Well done to all who completed the race. A more detailed story will follow.

Last weekend we held Heat 8 of our summer series and also hosted the Farr's and Castle 650's. It was great to see 17 starters on the water, and commiserations to Dennis in *O'Really II* who had a chain plate breakage, luckily before the start and not while out on the water. Racing was initially OK with a light northerly, which eventually died out to towards the end of the first race. Unfortunately, 3 yachts failed to finish race 1. A shortened race 2 was eventually started, with the remaining 14 yachts managing to finish. It was good to have some new boats *Emocean & Roller Coaster* join us on the water.

A special thanks must be give to Derick Warne of Rolly Tasker Sails who sponsored our race the with prizes for the CBH places. He has also provided prizes for the second of the combined races with the Farr's and Castles. Thanks Derick. We have Easter at Yarrawonga as our next event. Please see the flyer in the last newsletter for the details and also in this newsletter a Yarrawonga set of rule for us at Easter. The YYC has asked us to remind all members that their club is under increasing scrutiny, and accordingly they have asked us to ensure the weekend is a sailing regatta with maximum participation requested in our sailing events. It can't be seen as just a camping weekend.

I hope the weather at Easter is good to us and those going enjoy some good racing.

Keep safe and look forward to seeing you again on the water over the coming weeks.

#### Newsletters by email

Have you considered receiving your newsletter via email. If you do, you get it in colour (of course you have to print it yourself) and you will get it earlier. That's because as soon as I finish it, I email it out. Even before I print and post it. I admit the real reason I want you to take this option is so I don't have to stuff so many envelopes because I am basically lazy. But really - think of the trees you would be saving not to mention the paper cuts.

Let me know if you want to take this option. My phone number is on page 2

#### Jessica Watson

Jessica is halfway across the Indian Ocean and heading for home. She has proved tougher and more able than a lot of people gave her credit for.

#### **Come Racing**

It's a good excuse to go for a sail. It improves your sailing skills like nothing else. It's fun. And the RL24s really hate it when you beat them on handicap

#### MTYC MARLAY POINT OVERNIGHT RACE

Phil's analysis of the MTYC results in the Marley Point Over Night Race

The Marley Point race starts at dusk on the west side of Lake Wellington in front of the Lake Wellington Yacht Club. The course takes you across the lake, through the McLennen Straits, down Lake Victoria, to the finish line at the Gippsland Lakes Yacht Club at Paynesville. Division A (CBH < .700) finishes there. The other three Divisions, boats with a CBH of .700 or over, trailable multihulls and sports trailables, continue through the McMillan Straits, out into Lake King, where they sail clockwise around Raymond Island and once again cross the finish line at Paynesville.

I sailed *Monkey Business* (Farr 6000) in Division A, with my son Jarrod, his second Marley Point Race and his wife Eleanor, who was on her first race. The race started an hour late at 8:45pm having been delayed by a thunderstorm that arrived about 45 minutes before the scheduled start. So instead starting in twilight, it was quite dark. Until the starting flares started going up we couldn't even find the start boats, but eventually hit the line about 3 minutes late. In very light airs we took over 4 hours to cross Lake Wellington, entering the straits at 1:05am. Although the wind was a zephyr, we

kept sailing through the straits passing a lot of boats and being passed by very few. Jarrod kept warm putting the spinnaker up and down about a thousand times and Eleanor kept up the supply of mini-quiches (thanks Kaye) and freshly cooked muffins supplied by the crew, and managed a couple of short snoozes in the quietest patches, while I tried to stay awake at the tiller. Dawn found us halfway down Lake Victoria and Eleanor sent me to bed and took the tiller for an hour or two We finished a few minutes before 9:00am, just before the wind dropped right out. There were very few boats around and I began to wonder if the other club members had finished hours before and had already packed up. A phone call to Ron Parker on Tainui, found them still on the other side of Raymond Island, having crossed the line only about 30 minutes ahead of us - a great result for Monkey Business. So having scored a berth outside the bakery we showered at the Yacht club and headed off for breakfast.

The results below are calculated on handicap for the times taken when all the boats crossed the finish line for the first time, which is the only place that a direct comparison of boats in all divisions can be made.

#### Rolly Tasker Sails

Derick Warne of Rolly Tasker Sails has provided some prizes for our races so I thought it only fair to give him a plug by reprinting pert of the article from the Nov 2009 newsletter.

#### From Derick Warne of Rolly Tasker sails:

For all the old salts amongst you Rolly Tasker Sails needs no introduction. But for those who don't know Rolly's been making sails for sixty odd years. His name has become synonymous with value for money cruising sails and we are very proud to be local agents offering quality sails at extraordinarily good prices.

Our market is not the high end of yacht racing but rather the cruiser and cruiser /racer side of the sport where the budget is often more important than that last couple of percent performance factor. For owners wanting more performance we offer a range of laminates or performance Dacron cloth and Bi or Tri Radial mains and headsails. Our Radial Head spinnakers are real value for money, for example we can offer a three colour, .75oz Noelex 25 Radial Head for \$780 delivered anywhere in Victoria plus GST.

Our sails are made in the World's largest purpose built sail loft in Thailand, where some 140 staff are employed using only the highest quality fittings and sail cloth from the Industry leaders. The hand work that goes into every Rolly Tasker sail is seldom seen in these modern times. Utilizing the most modern computer aided sail design technology and sophisticated cloth cutting equipment, Rolly Tasker Sails offer the very best value for money irrespective of the type of sail or size of boat.

In addition to custom made sails of all types for trailer sailors and cruising boats we also have a range of "standard size" storm trysails and storm jibs offering even better value for money.

Derick Warne in Patterson Lakes has the time to chat about your new sails so give us a call on 0438 563 164 - you will be amazed at how much you will save!
